

# Takeoff/Climb and Approach/Landing Safety Seminar

This Safety Seminar will include PowerPoint presentations on Takeoffs and Climbs, and Approaches and Landings.

**Directions:** If driving from east of west on Interstate 20, take exit 84 and drive south. Immediately after the third light - turn left onto Hergot. Davison Hall is the second building on the right. Parking is available all around the building. If driving from north or south on Highway 167, turn west at California and proceed through several lights. After you pass the Subway Deli on your left - make the next right on Bond Street. Davison Hall is the first building on your left.

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
